E-Mail: Robert.T.Bobuk@uscg.mil

SECTOR MOBILE ITV FLEET STATUS

As reminder, July 20, 2020 is the date in which each company is required to have a Certificate of Inspection (COI) for at least 50 percent of their towing vessel fleet IAW 46 CFR 136.202(b). During this second cycle, Sector Mobile received less than 20 applications for inspections. Some vessels may have already been issued (or applied for) COIs from other OCMI zones. Please provide Sector Mobile a roster with all company vessels including COI status (issued/not issued) and what OCMI zone issued the COI. Sector Mobile requests information be sent to mobinsp@uscg.mil no later than December 1, 2019.

To minimize delays, 46 CFR 136.210 requires an application for inspection and supporting documentation be submitted 30 days in advance for an initial COI. Additionally, the inspection shall be scheduled a minimum of three months prior.

To aid in the process, Sector Mobile has developed Subchapter M checklists outlining the submittal process and required documentation. To obtain a checklist, please visit our Homepage website.

If there are questions regarding the COI process please contact the Sector Mobile scheduler by email at mobinsp@uscg.mil or call 251-441-5262.

A. R. IVES
Captain, U. S. Coast Guard
Acting, Officer in Charge Marine Inspections
